### SUMMARY

#### Synopsis of Bill

House Bill 208, Making and Appropriation for Emergency Services Training and Profession Development in Los Lunas, appropriates \$50 thousand from the general fund to DFA for the purpose of providing training and professional development of emergency services personnel, including law enforcement, in Los Lunas.

### FISCAL IMPLICATIONS

The appropriation of \$50 thousand contained in this bill is a recurring expense to the general fund. Any unexpended or unencumbered balance remaining at the end of FY09 shall revert to the general fund.

### SIGNIFICANT ISSUES

According to the Department of Health, Los Lunas is served by a career (paid) fire department, a private career EMS service, and career law enforcement services. The closest hospital facilities are in Albuquerque. Emergency medical service agencies, both private and public, have historically been under funded in regards to training and operational costs. DoH further noted that HB 208 might be clarified by specifying how the appropriation would be distributed to the various fire, law & health services in Los Lunas.
